

The working group pacemaker and electrophysiology of the Swiss society of cardiology is happy to announce the:

**AF awareness project** Sponsorship of an atrial fibrillation awareness project  
Supported by Johnson & Johnson

#### **Description:**

- Recognition and Promotion Prize for Program on Atrial Fibrillation Patient Management
  - The goal: to connect and support all professions and disciplines involved in the management of patients with Atrial Fibrillation. The project will support healthcare professionals in realizing projects that improve the network, communication and awareness in the context of the management and treatment of Atrial Fibrillation patients.
  - Project target group: Cardiologists and healthcare professionals, involved in the management and treatment of patients with Atrial Fibrillation.
  - Project lead applicant: healthcare professionals directly involved in treatment of Atrial Fibrillation, and already involved in a network of medical practitioners.
  - Project eligibility criteria:
    - Educational content should improve the network, communication and awareness on (but not be limited to) indications and clinical evidence of integrated AF care
    - Project should bring novelty and focus on integrated patient management and partnership models.
    - The educational content should cover but not limited to disease mechanism, ECG profile, risk factors management, patient segmentation, drug treatment and ablation treatment.
    - Project should lead to a publication report on improving Atrial Fibrillation care system in a comprehensive way.
    - Project should be able to be scaled to a national level.
  - Duration: Project should be conducted over 3 years.

#### **Funding:**

The final allocated amount of money will be decided according to what is actually planned (according to the Business plan of the applicant) and paid when the project deliverables are delivered as per contract that will be signed with the winner.

o CHF 10'125 for project concept

o Up to CHF 5000 for project set-up cost (allocated upon justification)

o Up to CHF 5'000 annually for running the project: this amount can be cost and/or hourly fees and will be granted upon justification

These amounts of money are the maximum grant and could be less if the project design request less financial resources

#### **Timelines:**

- Submission deadline by December 18<sup>th</sup>, 2020
- Award announced at SGK 9.-11.6. 2021

Please submit your application to [info@pacemaker.ch](mailto:info@pacemaker.ch) prior to the **deadline at 23:59 on Friday, December 18, 2020.**
